Stainlez Introduces All New Tote Wrapper™

New Economical Cover for IBC's

The new Tote Wrapper™ is a **flexible, re-useable, light resistant, water resistant, tear proof, lockable, and lightweight** polypropylene cover for protecting your products in IBCs. It is the latest, simply, low cost method developed to protect the IBC and your product.

The unit is comprised of a woven polypropylene outer fabric sized to fit all composite 275 and 330 gallon IBCs. The based has a draw cable and lock to pull snugly for prevention against tampering and flying off outside.

No assembly is required. One person can simply unfold the wrapper slide it over the IBC and pull the draw cable and lock in less then 5 seconds.

These wrappers offer economical IBC protection for;

- **Light Sensitive Products, No more black IBC bottles.**
- **Cardboard IBCs and weather protection**
- **Securing IBCs top lid and valve**
- **Hiding the contents in the IBC**
- **Covering up unsightly outside storage**
- **Color Coded Contents**
- **Preprinting options to help ID Company or products.**
- **Many other options**
